### Kapitel 2: Intuition

Intuitive powers  
...apart the deliriousness.  
She leads you...to mislead or to the finish

She speak to you...  
Follow her.  
But what will happen if she is mistaken?

Intuitive Powers..  
A safty arms of your mind...  
...atrophied or sharpened.

She leads you...she goes some ways,  
which you never will to conceive.
