

Smoky about James

The Dark Train

Von abgemeldet

Hatred

You and I
Like Water and Fire
Even worse
You are the Petrol
My Fire is stoked up by
And made raved

We are anything than affiliated
Only by flaming Hate, unrestrained Disgust and abnormal Apathy
It is your honest lack of Consideration
Which drives me crazy
Which makes me nearly lose my Mind

But yet ..
Something **does** exist beetween us
A little Rag
A small Detail
Even though it can't be seen
Not by methodical search
Not by the magnification of a Loupe
A microscopical small Similarity

Toghether we are driving through Hell
Up and Down
The dark Train is all Ours, my unamiable Friend ...
