Kapitel 1: Journey

A trip to save the world
The one and only way
An Angel to sacrifice
Nothing more to say

Friends will come
And they will go
No one ever should look back
Like a little Cruxis show

One world
Two worlds
Everything...

Betray and love
Forgive and hate
Thats the way a fighter goes
Looking forward to their fate

Everyone has to do the best
They all are not just normal
All depends on them
And were treated formal

A title
A noble life
Nothing...

If there is no way
Is it ok to sacrifice a friend?
One for all
Is that really the end?

Go on

And don't look back
There is always more than one reality
Don't paint the future black

A goddess
A church
Maybe...

All a lie?

Das hat sich unsere ShaniaMartel im Fotum gewünscht^^
Bitte sehr^^
