Kapitel 2: Idiotic Symphony

leave it to me
let it to me
and give it to me
and change your mind

lets lought together
cry togehter
just have fun
on the sunny site of the life

to cover my
sensusless idiotic
broke tought the wall
of my mind

lets lought together
cry togehter
just have fun
on the sunny site of the life

i sing this bittersweet symphony
do you see
that i am real feel free
come on and fly with me

lets lought together
cry togehter
just have fun
on the sunny site of the life

swimming in my mind is so awsome
that i never wanna back in the reality
please let me there and let me fly
so i need never more to cry

lets lought together
cry togehter
just have fun
on the sunny site of the life

can you me real let fly
our do you help me to kill my dreams
so then please just give me a kiss
to let my dreams shatter and to kill my
fucking idiotic
